Congratulations Akhil, Shubham, Amit and Kanishka, you have made us proud, well done guys !!

Just so that everyone knows there were lot of good projects done by the Testing Teams across Infoedge - Naukri, Shiksha, Jeevansathi, JobHai teams. Out of these Codeless API Automation has been chosen as a winner on the basis of the impact it can create, completeness of the solution and execution quality. Very soon we will start with the adoption of this framework in our team and all of you will be able to reap the benefits of the same.
